

Newsflash Flashback!

Here's an update on the
Entrustment Scale.

CBME

Newsflash!

EPAs are assessed using
the
**Entrustment
Scale**

Learner required
constant direction

Sound knowledge & skill, but needed
help with unexpected challenges. A
few things you needed to f/u on. No
significant concerns.

1	2	3	4	5
I had to do.	I had to talk them through.	I needed to prompt.	I had to provide minor direction.	No direction required for safe, indpt care.

Learner didn't do task
or
needed complete
hands on guidance

Some independence but
required intermittent
direction &/or a # of
things you had to f/u on.

Complete
independence.
Understands risks.
Performs safely.
Practice ready.

**If any concerns with risk assessment or safety,
should not score higher than a 3.
